

The logo for ITL, consisting of the lowercase letters 'i', 't', and 'l' in a white, sans-serif font, set against a dark blue square background. An orange L-shaped graphic element is positioned to the right of the square.

Intelligent
Label Solutions

A large, modern industrial facility with multiple long, grey buildings featuring red accents and roll-up doors. The facility is set against a backdrop of rolling green hills and mountains under a blue sky with scattered clouds. In the foreground, a paved walkway runs alongside the buildings, and a sign above a door reads '1-23 WEST'.

ITL Ethiopia Company Profile

Group Overview

ITL is a company with over 40 years experience in the apparel labelling industry, working with leading international apparel brands, retailers and manufacturers. We are proud of our history and our heritage. A blend of traditional values with a very forward thinking outlook.

ITL are producers of all labelling you need to brand, sell, identify and distribute garments. Our globally located operations are 100% ITL owned.

ITL Global Structure

With sales teams and manufacturing sites placed strategically around the globe, we are where you need us, when you need us.

Working with ITL

ITL commits to Ethiopia

Following requests from key customers and anticipating the future growth of the Ethiopian textile industry, ITL opened their factory in Hawassa in 2018 and are the first global label manufacturer to set up operations in the country.

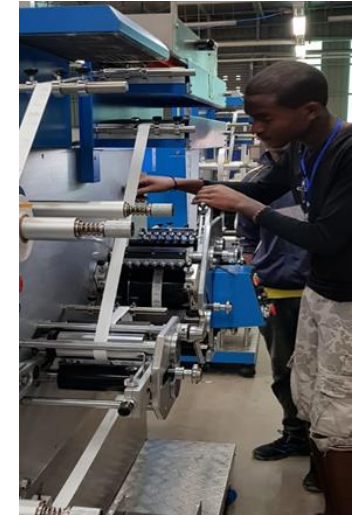

- Aligns with group ‘footprint growth’ strategy
- Links well to ITL’s strong African heritage
- Generates opportunities to develop with new customers
- Proves our partnership approach to existing customers
- Complements ITL Management structure and skill-set

“ Providing customers with best in class availability remains at the forefront of ITL’s strategy and we are committed to being as close to needlepoint as possible ”

Chris Currie, ITL Group COO

Label Vantage™

ITL's LabelVantage™ online platform has been designed and developed to provide ITL with an edge in delivering label programs fast, reliably and on a global scale.

LabelVantage™ is fully integrated into ITL Ethiopia's operations and can be relied upon to ensure accuracy and efficiency for all orders.

Thank You!
